PACKAGING

WHAT IS *GREEN* PACKAGING?

There is ever increasing pressure for manufacturers, suppliers and stockists to reduce the amount of single-use plastics or products that are difficult for consumers to recycle, from everyday life. We must also be mindful that the term 'green' can also be used when we talk about other factors such as carbon footprint, shipping costs, storage costs, damages and returns.

In this brochure you will find the details for the most popular packaging items that can be considered as either being **made from recycled material**, can **be easily recycled** or can **be re-used**. There are also some items that may help to reduce the carbon footprint associated with packaging.

These products may just be simple alternatives to existing products currently being used or they may be new solutions that may require complete packaging redesign or new packing processes.

This guide is not an exhaustive listing of what is available from us, so if you cannot find what you need, or would like help with any packaging issues, then please give us a call.

PACKING PAPERS

PURE KRAFT PAPER ROLLS

Pure kraft paper is a superior strength brown paper, made using well bonded fibres to ensure the paper is robust. Because pure kraft paper is made using unbleached pulp, the paper has higher strength and durability which offers superior puncture and tear resistance. These pure kraft paper rolls are fully recyclable and biodegradable. The roll format allows for easy dispensing if used in conjunction with a counter top roll holder.

ITEM NO.	GRAMMAGE	WIDTH (MM)	LENGTH (M)
70167	70 gsm	500	300
16423	90 gsm	750	220
16424	90 gsm	900	220

PURE KRAFT PAPER SHEETS

Pure kraft paper is a superior strength brown paper, made using well bonded fibres to ensure the paper is robust. Because pure kraft paper is made using unbleached pulp, the paper has higher strength and durability which offers superior puncture and tear resistance. These pure kraft paper sheets are fully recyclable and biodegradable.

ITEM NO.	GRAMMAGE	DIMENSIONS (MM)	PACK SIZE
16402	70 gsm	900 x 1150	250
16411	90 gsm	700 x 1150	250
16414	90 gsm	900 x 1150	250
16413	90 gsm	1150 x 1400	125

IMITATION KRAFT PAPER ROLLS AND SHEETS

Imitation kraft is manufactured from recycled fibres, which means that it can be a cost effective alternative to pure kraft. Imitation kraft lends itself more for light to medium use and is used mainly for wrapping but can still be effective as a protection layer.

ITEM NO.	DESCRIPTION	GRAMMAGE	DIMENSIONS
70015	Roll	70 gsm	500mm x 300m
70020	Roll	70 gsm	750mm x 250m
70023	Roll	70 gsm	900mm x 250m
70038	Roll	90 gsm	900mm x 225m
70043	Sheet	70 gsm	900mm x 1150mm
16378	Sheet	95 gsm	900mm x 1150mm

ACID FREE TISSUE PAPER

Made using a process to remove all acidic pulp, acid free tissue paper is an ideal wrapping product for delicate and fragile goods going into storage. Acid free tissue paper is also the ideal protective product for precious metals, like jewellery or silverware. Tissue paper is lightweight, soft, flexible and economical, so is also an ideal product to use for interleaving or as void fill in larger packages.

ITEM NO.	GRAMMAGE	DIMENSIONS (MM)	PACK SIZE
16348	18 gsm	450 x 700	480
16349	18 gsm	500 x 750	480

NEWSPAPER OFFCUTS

Newspaper Offcuts are the white, unprinted, cost effective paper sheets, more commonly recognised as fish and chip paper. Because the paper is strong, clean, economical and flexible, the paper can be used as a protective wrapping for delicate items for moving through to being a cost effective void fill.

ITEM NO.	DIMENSIONS (MM)	PACK SIZE
46256	508 X 762	640
05764	750 x 1000	260

CUSHIONING AND VOID FILL

SINGLE FACE CORRUGATED PAPER ROLLS

Corrugated paper rolls are made from 100% recycled paper, with smooth paper on one side and corrugated fluting on the other. The raised fluting offers cushioning and padding, while the smooth paper helps to reduce scratches on delicate surfaces. Being made from paper, the product is lightweight, which makes it ideal for wrapping, packing and void filling.

ITEM CODE	WIDTH (MM)	LENGTH (M)
70276	300	75
16149	450	75

LOOSE FILL CHIPS

An environmentally friendly option for filling packaging voids and offers added product protection. Designed to protect products by absorbing shock and vibration that can be encountered during packing and transit. The bio chips are designed to be compostable in domestic or bio waste.

ITEM CODE	TYPE	BAG SIZE (FT ³)
65804	Biodegradable	15

CUSHIONING AND VOID FILL

GEAMI WRAPPAK EX MINI

Reasonably new to the market, this is a combination of a patented die cut Kraft paper with a tissue interleaf. Whilst wrapping, the die cut paper expands into a 3D honeycomb structure. On release, the cells lock together, items are firmly wrapped and no tape is required. Ideal for protecting 'gift' purchases where presentation is as important as the item itself. Eco-friendly.

ITEM CODE	BOX DIMENSIONS (MM)	ROLL WIDTH (MM)	ROLL WIDTH – INTERLEAF (MM)	ROLL LENGTH UNEXPANDED (M)	ROLL LENGTH EXPANDED (M)	COLOUR
93557	560w x 180d x 240h	508	305	80	135	Brown/White

FILLPAK MANUAL VOID FILL

Turns a single layer of brown paper into a filling material to protect products during shipment. Paper comes in fanfolded packs and is fed through the Fillpak manual desktop machine creating a crumpled piece of paper which can be placed in voids to stop movement within the carton.

ITEM CODE	DESCRIPTION	DIMENSIONS	PAPER WEIGHT (GSM)	QUANTITY
44044	Fillpak Manual Desktop Machine	540mm x 400mm x 670-1030mm		1
70557	Fillpak TT Kraft Paper	380mm x 500m	50	1
69519	Fillpak TT Kraft Paper	380mm x 360m	70	1

PACKAGING SOLUTIONS THAT
KEEP YOU **AHEAD OF THE PACK**

BOXES

DOUBLE WALL BOXES

Made from two strong layers of corrugated fluting, double wall boxes are perfect for packing and shipping medium to heavy weight objects. The extra strength provided by these boxes also makes them perfect for shipping fragile goods and can be used for longer term storage requirements. Boxes made of virgin Kraft fibre outer liners provide extra strength and provides a more consistent and superior finish, which also makes them perfect for printing. Test liner paper is made of recycled fibres so may not offer the same overall strength but can provide better economy options. Multi depth boxes are designed to offer increased versatility and multiple height options, which can be cut down to a variety of pre-set heights.

SINGLE WALL BOXES

Made from a single layer of corrugated fluting, single wall boxes are perfect for packing, storing and shipping light to medium weight objects. These boxes are supplied flat-packed and in multiple pack sizes, which makes shipping and storage more convenient. Made from a high percentage of recycled material, our single wall boxes are very environmentally friendly and can be fully recycled after use.

PAPER TAPE

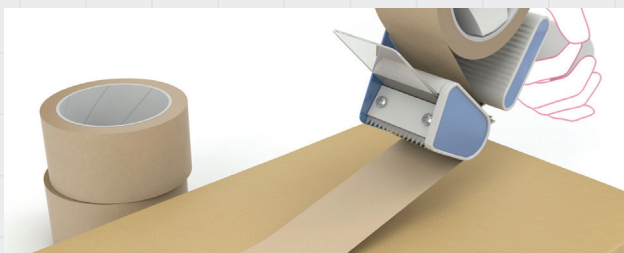

MASKING TAPE

Masking tapes are paper based, pressure sensitive, tapes that can be used for multiple tasks such as D.I.Y. masking and craft. Masking tapes have low adhesion which makes them easy and clean to remove but also offer good resistance to solvents and liquids, which makes them great for decorating and for outdoor use.

SELF-ADHESIVE KRAFT PAPER TAPE

This ecological paper tape has pressure sensitive glue backing that allows it to be used in a standard tape dispenser. The tape is water resistant and offers good protection against humidity. Recyclable with the carton.

ITEM CODE	WIDTH (MM)	LENGTH (M)	BOX QTY
90740	48	50	24

GUMMED KRAFT PAPER TAPE

This type of tape offers superior strength and security as the adhesive penetrates into the fibres of the carton. This tape is 100% recyclable. This tape offers superior protection against moisture and humidity and is highly resistant to ageing, making it perfect for use for long-term storage. Water activated gummed paper tapes require the use of a special dispenser to prime the tape ready for application.

POSTAL PACKAGING

JIFFY PAPER PADDED MAILERS

This is an extremely tough padded envelope and is ideal for posting more robust and heavy duty products. Jiffy gold self-seal padded envelopes are grease and puncture resistant and are ideal when maximum protection is required as the fibres expand with continued use, providing extra cushioning.

Manufactured from strong 90 gsm Kraft paper with 100% recycled paper fibre lining. Four fold construction with double fold corners and double glued bottom flap and side seam for extra protection and strength. The self adhesive strip forms a firm seal so there's no need for glue or tape.

TRIANGULAR POSTAL TUBES

These triangular postal tubes are provided flat-packed and in packs, which makes storage more efficient. The triangular shape once constructed offers additional security during transit as they will not roll around, which offers extra protection through the postal network. The more stable storage makes them easier to go through automated reading systems, which allows for quicker label scanning. Made from rigid corrugated board they offer the same protection as the more traditional round tube. Each tube is secured using a self-seal strip which not only allows for quick assembly but also provides extra product security.
