TWIN TOWN BIKE RIDE FOR CCP

After successfully raising £1500 cycling from London to Paris in August 2014 for local charity CCP, the Officeworx directors have done it again in and raised £2700 for the charity! This June, Rob and Paul cycled from Cheltenham's twin town Göttingen in Germany back to Imperial Gardens in Cheltenham covering 611 miles in just 7 days!

Officeworx and CCP have worked fruitfully together since 2014 and the directors were ready for the next challenge. Rob Adkins commented, "It's great to raise money for CCP, particularly when we have seen first hand the fantastic work they do and help they give to vulnerable local people. This year we want to push ourselves further and the amazing support we have received from customers and suppliers has enabled us to raise over £2700".

Dave Jones, Deputy CEO CCP commented, "The Officeworx team have been, and continue to be, fantastic in the support they offer CCP. They always come up with very inventive ways to raise funds for the work of the charity. In previous years they have undertaken a cycle ride to Paris, supported our seasonal Hamper Scamper appeal by donating food from their Elfie Selfie campaign and last summer they ran a sunglass 'Sunnies Selfie' campaign. The income raised by Officeworx over the years has helped us provide valuable support for homeless young people, disadvantaged families and vulnerable adults. We are truly grateful for the support of such a great local business".

Thank you to everyone who donated, we really do appreciate your support. Details about CCP and the work they carry out can be found at www.ccprojects.org.uk. If your business would like to volunteer and support this great charity please call 01242 228999.

KNIGHTS & HYDE

ACQUISITION

This June, Officeworx purchased Kettering based Knights and Hyde Ltd, a long established firm who supply office stationery and janitorial supplies throughout Northamptonshire and beyond. Knights and Hyde have been trading for over 20 years and have a strong local presence supplying offices, factories, warehouses, schools and restaurants with an array of stationery, packaging products, furniture and cleaning chemicals.

Officeworx and Knights and Hyde share a number of similarities in term of size, staffing numbers, turnover, and of course shared core values which are based around fair pricing and exceptional customer service and flexibility. Rachel Cameron, Office Lead at Knights & Hyde commented, "Officeworx have exceeded our hopes for a firm we can grow with and continue the tradition we have for excellent service in the business supplies sector".

Director, Paul Berry commented, "The purchase of Knights and Hyde will bring wide ranging benefits which we hope will strengthen our companies even further. Increased buying power from our suppliers will enable us to remain highly competitive in a market where cost prices are often volatile".
